Mission in the Congo

During his recent visit to our Monastery (late May to early June), Archimandrite Mark (Kaseya) Hagiokyprianites, who has been serving for a year now in our mission in the Congo—his homeland—informed us of his impressions of recent developments and gave us material regarding his activities in this country.

We present here several snapshots depicting the life of our mission:

Blessing of the eggs at the Paschal Divine Liturgy in Kinshasa.

At the Church of St. Nicholas of Myra in Nganza, Kananga.

With chanters at the Church of St. Basil the Great, in Mbuji-mayi.

At the Church of the Dormition of the *Theotokos*, under construction on the site of the future *Hesycheast-erion*, in the region of Kananga.

Lessons in drawing and Iconography for small children.

Lessons in sewing and embroidery for young girls in our mission.
