

Rest of Professor Eugene A. Zavarin

On Monday, July 23, 2012 (New Style), Dr. Eugene Alexeivich Zavarin, professor emeritus of Chemistry at the Forest Products

Laboratory of the University of California, Berkeley, where he received his doctoral degree, reposed at his home in San Francisco, CA, surrounded by his wife and children. Professor Zavarin was a longtime friend of our monastery and was one of the original members of the Board of Advisors of the Center for traditionalist Orthodox Studies. He was born in 1924 in what was then Yugoslavia, where his family had fled from Russia, following

the Bolshevik Revolution. Dr. Zavarin was a devout Orthodox Christian and a scientist of international repute in plant biology and pathology, a field in which he authored numerous publications. We extend our condolences to his family. Вечная память! Memory Eternal!
