

## Appeal for Funds for the Building Extension of the Convent of St. Philothei in Sweden

At the exhortation of His Eminence, Metropolitan Cyprian, we plan to build an extension to our convent with five new monastic cells.

We have been encouraged by the funds we have received thus far, but still need to raise approximately 10,000 euros for the 69 square meter extension.

We would be grateful for any donations to help us achieve this goal. If you would like to contribute, you may do so via PayPal on our [website](#).

Our benefactors will be remembered in our daily prayers.
